

Video Splitter - HD4K 8-Port HDMI Splitter

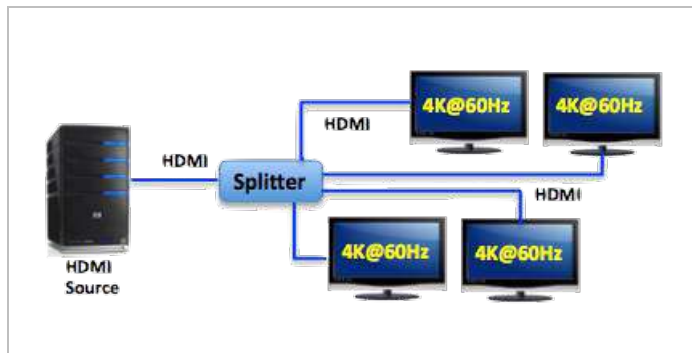

- ▶ Distribute a single HDMI UltraHD 4K signal to 8 HDMI monitors
- ▶ Handles HDMI video up to 4K @30Hz
- ▶ Supports 3D and high resolution VESA formats
- ▶ HDCP 1.2 compliant
- ▶ Uses standard length HDMI compliant cables

Video Splitter-HD4K Product Overview

The Video Splitter-HD4K enables simultaneous sharing of a single HDMI high definition video source between eight HDMI or DVI monitors. If DVI monitors are used, then an additional HDMI-DVI adapter cable will be required.

The versatile HDMI Splitter can be used for HDTV retail signage, exhibition displays, STB, DVD and Projector applications. The product supports HDMI video at 1080p and up to 4K@30Hz, supports multichannel digital audio, and delivers up to 10.2Gbps bandwidth.

To ensure stable and continuous operation, the Video Splitter – HD4K is powered via an external 5VDC power supply, and the device also supports HDCP transmissions.

4-port Video Splitter – HD4K

- Connect multiple HDMI monitors, projectors or LCD displays from a single PC or HD video source
- Ideal for classrooms and boardrooms
- Use for trade shows or exhibition displays
- Use for retail advertising and display

Video Splitter-HD4K

To operate, simply connect the monitors and the video source to the Video Splitter-HD4K, connect the power cable, then power on the monitors followed by the video source.
